Introducing the world thinnest Electronic Copyboard

PLUS M-18 Series

- TWO WRITING SURFACES.
- SAVE TO A USB MEMORY STICK IN COLOR.
- SAVE TO AND OPERATE FROM YOUR COMPUTER
- PRINT DIRECTLY FROM THE BOARD IN COLOR
- HAND SCROLLING SUPPORTED
- INSTALLATION MAKE EASY

Advanced Features

The M-18, thinner than ever!

Now, width of the M-18 is almost half of the previous model. Incredibly thin M-18 can be neatly wallmounted saving your meeting space.

The Eco-Friendly Design with the lowest power consumption.

The M-18 achieved the lowest power consumption in the industry (M-18S: 12W in Operation). This contributes to both your cost and environments. The M-18 is the most Eco-Friendly designed Copyboard of your choices.

Simple PC Connection!

Simply connecting your computer to the board via USB cable allows you to save the contents on the board to your computer. No software is required. Now both PC and Mac are compatible with the M-18 Series!

USB Port in FRONT

As the USB port for the USB Memory Stick is located in the front position of the board. Therefore, it is so easy to insert the USB Memory Stick.

Advanced Features

The fastest scanning time!

The M-18 achieved the fastest scanning speed in the industry(M-18S:15 seconds). This enhances your speedy communication and streamlines your business!

Magnets attachable sheet

Magnets are attachable to the board for the first time to the sheet-type Copyboard. This feature make your ways of meeting more flexible.

Note: Scanning is not possible when magnets are used.
