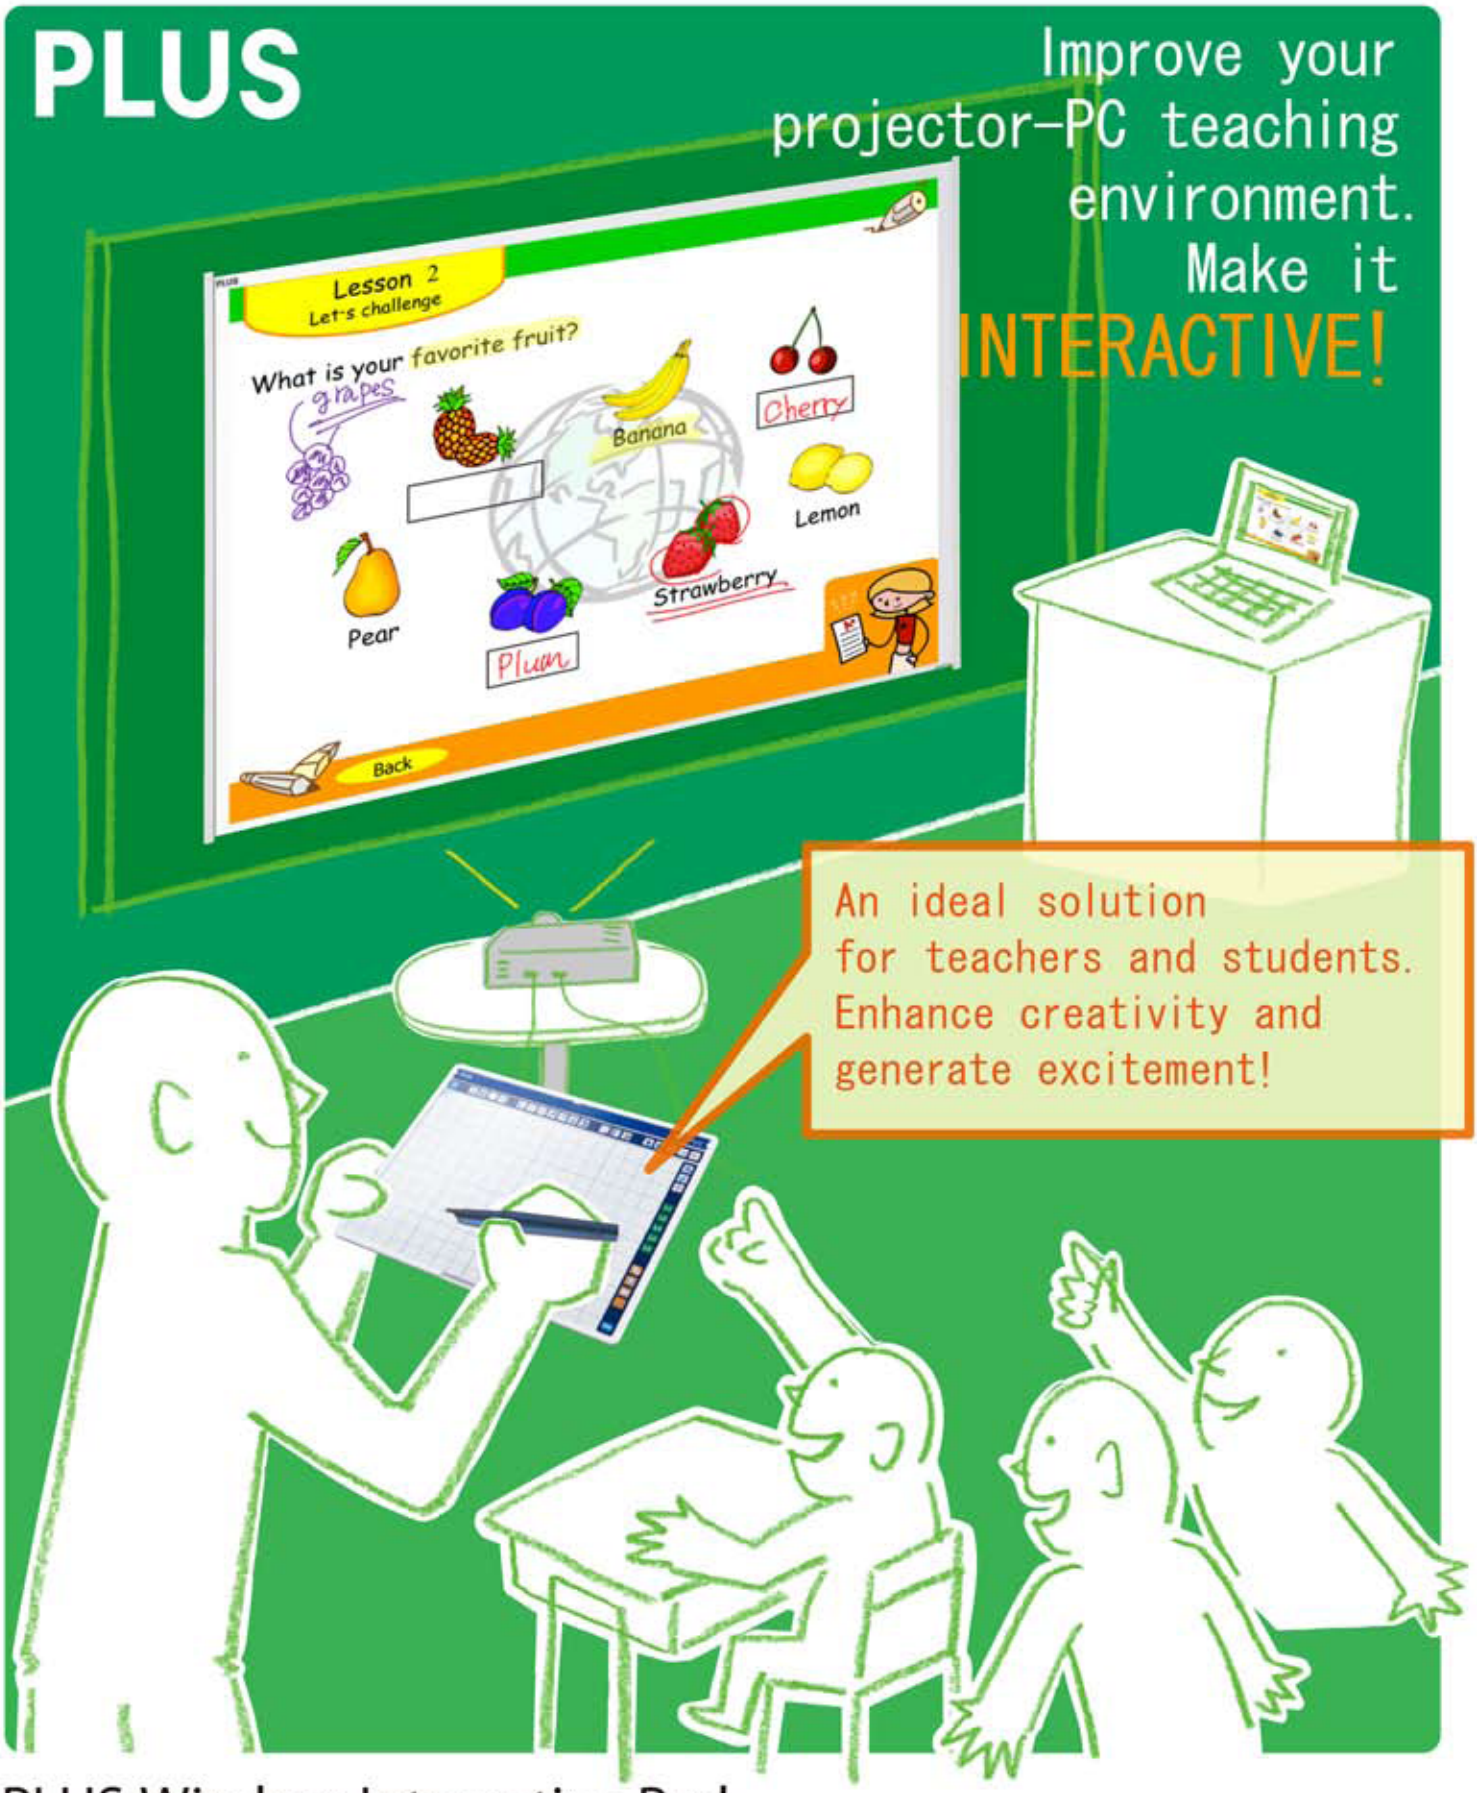
PLUS

Improve your projector-PC teaching environment. Make it INTERACTIVE!



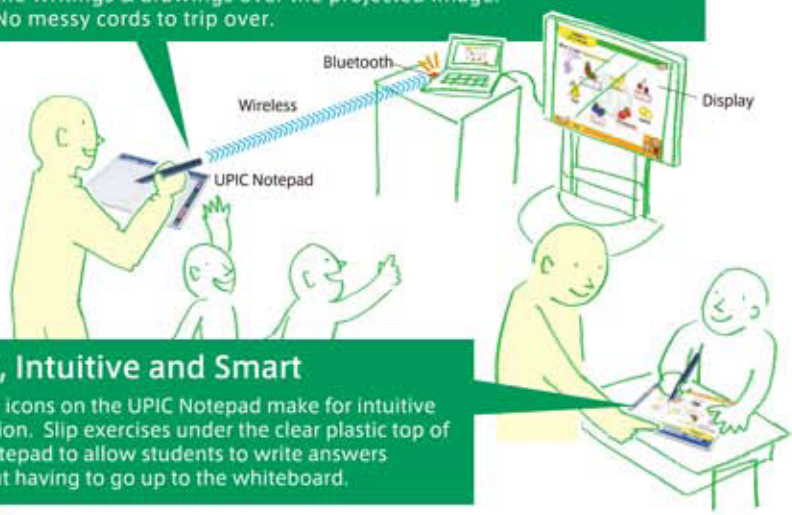
PLUS Wireless Interactive Pad

UPIC Notepad

Thin and light weight.
The UPIC Notepad improves both teaching & learning!

Wireless Operation

The Bluetooth digital pen communicates with the PC to transfer the writings & drawings over the projected image.
No messy cords to trip over.



Write from anywhere in the classroom

Works within a 10m range. Operate the PC and annotate on the projected image.
Avoid the eye-stinging glare of the projector beam.
No more shadows on the whiteboard.

Easy, Intuitive and Smart

Simple icons on the UPIC Notepad make for intuitive operation. Slip exercises under the clear plastic top of the Notepad to allow students to write answers without having to go up to the whiteboard.

VLP (Virtual Laser Pointer)

Teachers can highlight or point to the areas of the board that require the students' attention.
