- 600 x 600 dpi Print Resolution
- Up to 21-cpm Copy Speed
- Super G3 Fax Modem
- USB 2.0 High-Speed+ 10 Base-T/100 Base-TX

5-in-1 Multi-functional Design that Means Business

This New Core Machine Offers More Than Just Support

The KX-FLB881C handles a variety of office tasks single-handedly — document handling, faxing, copying, printing and scanning.

Its space-saving design also contributes to greater office efficiency, and high-performance functions make business flow more smoothly. The KX-FLB881C debuts as a new 5-in-1 multi-functional product with three important features: speed, beauty, and operating ease.

Multi-Function

"5-in-1" multi-Function design dramatically improves business efficiency for every documentrelated task from faxing and copying to scanning and printing.

2-Bin Separator

Unique 2-bin document separator allows versatile use. You can use the two trays for two different uses; for example, you could use one exclusively for fax reception and the other for copying output. And when connected to a PC, printer output can be specified for either the upper or lower tray from the printer driver screen.

Laser Printer

Quality Laser Printing

The laser printer function helps assure high quality reproduction at $600 \text{ dpi} \times 600 \text{ dpi}$ resolution in every document and drawing you want to print or copy.

USB 2.0 High-Speed 10 Base-T/100 Base-TX PC Connection

The KX-FLB881C comes standard with a USB 2.0 high-speed 10 Base-T/100 Base-TX PC connection for easy connection to a PC. The bundled

"Multi-Function Station" launcher software allows easy setup and selection of multiple functions.

High-Speed 21-ppm Laser Printing

The KX-FLB881C boasts high-speed printing and copying at speeds of up to 21 pages per minute with quick warmup time of 15 seconds.

250-Sheet Paper Tray

Since the standard paper tray can hold up to 250-sheet, you don't have to worry about running out of paper out even during a high-volume print or fax job.

For added flexibility, a Multi-Purpose Tray allows you manually feed of paper in various types and sizes (Label/Envelope/Coated Paper/Thick Paper/Transparency).

Bringing new meaning to the word "copy"

Flatbed Copier

Flatbed Design

In addition to the 40-sheet Automatic Document Feeder, a built-in flatbed allows you to scan, copy, or fax a variety of originals in different shapes or sizes such as magazines, newspapers, business cards, etc.

High-Quality Image Reproduction

A CIS (Contact Image Sensor) makes possible high-speed scanning and high-resolution image reproduction even when the spine is raised slightly above the glass plate.

High-Resolution Digital Copier

With resolution of up to 600 dpi x 600 dpi, sharp, clear copies are assured. Multiple copies of up to 99 sheets are possible.

21-cpm Copy Speed

The KX-FLB881C delivers high speed copying of up to 21 copies per minute, with a warmup time of 15 seconds.

The ultimate in detailed reproduction

Colour Scanner

Colour Scanning with Flatbed and ADF

The KX-FLB881C allows you to scan documents in colour or black-and white at a high resolution of 600 dpi x 1200 dpi (with the optical scanner), using a 40-sheet Automatic Document Feeder. (Max. scanning resolution of 9600 dpi x 9600 dpi is available when interpolation is used.)

High-Quality Scanning

The KX-FLB881C outputs scanning images with 24-bit colour gradations (48-bit input), or 8-bit black & white gray scales (16-bit input).

Image Processing Software

When the Multi-Function Station launcher software is installed on your PC, you can easily access a variety of image processing functions from the graphical menu. With the "Viewer (Scan)" menu, you can choose Page View, Reduction, Rotate, Duplicate, and Cut and Paste functions. OCR function is also available in 1-byte language designation models.

Optimal document sending and receiving

Laser Fax

33.6 kbps High-Speed Fax Modem

The Panasonic laser fax is designed for fast, efficient fax transmission at speeds up to 33.6 kbps (4 seconds per page*1,*5).

Document Memory

This unit can store up to 150*2 pages in its built-in memory. Ideal for broadcasting multi-page documents to multiple locations, this feature also enables out-of-paper reception of up to 630*2 pages.

Dual Access Operation

Even while the KX-FLB881C is busy sending or receiving a memory-based fax, you can store additional documents to send later.

64-Level Halftone with Digital Image Processing

You can send or copy everything from family photos to company documents with near-original quality, thanks to the clarity and detail of 64 level halftone reproduction.

Wide-ranging network connectivity

Network

The LAN connection capability lets you share the printer and scanner through the network. Operation of this multifunctional printer from a desktop PC significantly improves office productivity. A 10 Base-T/ 100 Base-TX interface is also provided.

Well Balanced Performance in the 5-in-1 Design

KX-FLB881C Other Features

Laser Printer

- High-Speed 21-ppm Laser Print Speed
- 600 x 600 dpi Resolution
- Approx. 15-Second Warmup Time
- 250-Sheet Paper Capacity
- 2-Bin Document Separator
- Multi-Purpose Tray
- USB 2.0 High-Speed 10 Base-T/100 Base-TX
- For Microsoft[®] Windows[®] 98/Me/2000/XP/Vista

Flatbed Copier

- Enhanced 600 dpi Laser Copy Quality
- Up to 21-cpm Copy Speed
- Multiple Copies: up to 99 from One Original
- Enlarge up to 400%, Reduce up to 25%
- Automatic Document Feeder (40-Sheet)
- N-in-1 (2-1, 4-1, 8-1)

Colour Scanner

- Colour Scanning with Flatbed and Automatic Document Feeder
- 9600 dpi (Interpolated) Scanning Capability
- 24-bit Colour Output, 8-bit Monochrome Output
- TWAIN Compatible
- Scan to PC as PDF, JPEG or TIFF, BMP formats*4
- Convert Scanned Pages to Editable Documents with Readiris OCR Software*4
- Easy-to-Use Image Viewer*4
- Network Scanner

Laser Fax

- 33.6 kbps Fax Modem
- Resolution: Standard/Fine/Super Fine/Photo
- Reception Memory with backup, up to 630 pages*1,*2
- Transmission Memory, up to 150 pages*1,*2
- 64-Level Photo Resolution
- Dual Access with Reserved Transmission
- Error Correction Mode (ECM)
- PC Fax*4
- Junk Fax Prohibitor

Network

- Easy Setup Through Embedded Web Feature
- User can Scan the Document by using Operation Panel
- The Scanning Data is Sent to PC Automatically
- User can Choose "File Type" and "Application"
- Scan to E-Mail Client can Attach Scanned Data to E-Mail
- The Scan Data (Colour/B&W) can be E-Mailed as the Attached Files
